Agentic AI and AI Agents: A Primer for Leaders

OpenAI GPTs: Creating Your Own Custom AI Assistants

Prompt Engineering for ChatGPT

VANDERBILT UNIVERSITY

Feb 15, 2026

John Wang

has successfully completed the online Specialization

Agentic AI and AI Agents for Leaders

This specialization provides leaders with a comprehensive understanding of Agentic AI and AI agents, equipping them to drive innovation and strategic decision-making in their organizations. Learners will gain practical skills to design basic AI agents using custom GPTs, critically evaluate AI solutions, and harness automation for real-world impact.

Jules White

Dr. Jules White
Professor
Department of Computer Science
Vanderbilt University

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.
