OpenAI GPTs: Creating Your Own Custom AI Assistants

Trustworthy Generative AI

VANDERBILT UNIVERSITY

Feb 15, 2026

John Wang

has successfully completed the online Specialization

Generative AI Assistants

Step into the frontier of digital assistance with the "Generative AI Assistants" specialization, your guide to crafting bespoke AI partners for any sector or specialized need. This course unveils the complexities of tailoring GPT-style language models that intuitively align with your world—be it legal, logistical, or scientific. You'll learn how to train your custom AI to parse through documents, engage in natural dialogue, and even mimic designated communicative tones—all while rigorously testing to assure precision and reliability.
